Definition of Sexual Harassment

Sexual harassment is a form of misconduct that undermines the student's relationship with educators and with other students. No student, male or female, should be subject to unasked for and unwelcome sexual overtures or conduct, either verbal or physical. Sexual harassment refers to sexual overtures or conduct that is unwelcome, personally offensive, and affecting morale, thereby interfering with a student's ability to study or participate in school activities.

Sexual harassment is a form of misconduct that includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct of a sexual nature when:

Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's participation in the educational process;
Submission to or rejection of such conduct by an individual is used as a factor for educational decisions affecting the individual; or
Such conduct has the purpose or effect of unreasonably interfering with an individual's education, or creating an intimidating, hostile or offensive educational environment.

Reporting Procedures

1. Any student, and/or parents of a student, who believe the student is being harassed should immediately report the situation to school personnel.
2. Any district employee who receives a report of harassment from a student, becomes aware that a student is being subjected to harassment, or in good faith believes that a student is being subjected to harassment, is required to report the matter to the building principal immediately. In the event the complaint involves the principal, the matter must be immediately reported to the superintendent.
3. Any district employee who witnesses harassment of a student should take immediate, appropriate action to intervene to stop the harassment.
4. Any student who becomes aware that a fellow student is being subjected to harassment should immediately report the incident to a counselor, teacher, or the principal.

Investigation

When a report of harassment is received by the principal or the superintendent, immediate steps will be taken to do the following:

1. Obtain a written statement from the complainant regarding the allegations;
2. Obtain a written statement from the accused;
3. Obtain written statements from witnesses, if any; and
4. Prepare a written report detailing the investigation.

An investigator may be appointed to conduct the investigation or the principal or superintendent may conduct the investigation. The investigation should be completed within ten (10) workdays.

Disciplinary Action

If the allegation of harassment involves a teacher or other school employee, the principal will submit the report of the investigation to the superintendent. If there is sufficient evidence to support the allegations, disciplinary action, up to and including dismissal, may be taken against the offender. If the allegation of harassment is against a student and there is sufficient evidence to support the allegations, disciplinary action, up to and including expulsion, may be taken against the offender.

If there is insufficient evidence to support the allegations, no record will be made of the allegations in the complaining student's permanent record. No record of the allegations will be

place in the accused employee's personnel record or in an accused student's permanent record if insufficient evidence supports the allegation.

In the event the investigation discloses that the complaining student has falsely accused another individual of harassment knowingly or in a malicious manner, the complaining student may be subject to the disciplinary action, up to and including expulsion.

In the event the harassment involves violent or other conduct which could be reasonably considered to be criminal in nature, the principal/superintendent will refer the matter to the local law enforcement agency.

Protection Against Retaliation

No retaliation will be taken by this district or by any of its employees or students against a student who reports harassment in good faith. Any person found to have retaliated against another individual for reporting an incident of harassment may be subject to the same disciplinary action provided for harassment offenders. Those persons who assist or participate in an investigation of harassment are also protected from retaliation under this policy.

Confidentiality

Any investigation will be conducted, to the maximum extent possible, in a manner that protects the privacy of both the complainant and the accused. However, if it is suspected that child abuse has occurred, such abuse will be reported to the proper authorities as required by state law.

Record of Allegations

This district will keep and maintain a written record, including, but not limited, to witness statements, investigative reports and correspondence, from the date any allegation of harassment is reported to district personnel. The information in the written record will also include the action taken by the district in response to each allegation.
